Welcome to

The Oxford Nursery

As a family business with over 25 years experience and over 150 years of childcare experience within our Senior Team, no one knows more than we do how important a child's early years are.

While we are here to give every child the best start in life, we are also here to offer support and guidance to our parents and carers. When it comes to funding you may appreciate a little help.

Whether you are new to nursery or not, there are a few different ways to help fund your childcare. It can be tricky to navigate the options, so we have put together this booklet hoping to guide you through. We hope our explanation will help you understand the government's Early Years funding scheme in England, make an informed decision, and then let us all get on with the most important job of taking care of your child!

Funding explained

Understanding childcare funding isn't always easy - but we are here to help!

In England there are two government funding programs that can help contribute towards the cost of your childcare and help you join the Oxford Nursery family!

In short, you can make the most of either 15 or 30 funded hours, per week, Here's how it all works: depending on your circumstances.

Working family funded childcare

This scheme is for qualifying working parents, the amount of hours available and age at which you can access this funding is changing:

- Current - Families can receive 30 hours of funded childcare for children age 3 years +
- April 2025 - Families can receive 15 hours of funded childcare for children age 9 months +
- September 2025 - Families can receive 30 hours of funded childcare for children age 9 months +

Parents:

- should be working at least 16 hours per week.
- Can be on sick leave or parental leave
- Must each earn less than £100,000 per year.
- Might still be eligible while claiming benefits.

We can 'stretch' these hours. How that works may vary between nurseries and different local authorities have their own requirements regarding this. Your funded hours can be spread over 52 weeks of the year, rather than 38 weeks term times'

We can offer your child more than 30 hours per week, if you need them, head over to Page 11 for more details about this.

There are some other specific things that can effect your eligibility, like your immigration status, where your child lives, and your child's exact age.

You can read more about this on the government website www.childcarechoices.gov.uk.

For most of our parents 15 or 30 hours childcare just in term time isn't quite enough. That is why we stretch funded hours to fit better with working parents schedules.

Having a consistent routine can be great for your child's development too..

Universal funded childcare for 3 & 4 year olds

This funding goes towards 15 hours of childcare across 38 weeks of term time. All parents of 3 and 4 year olds can access this scheme.

Here's what you need to know:

- All 3 and 4 year olds qualify for this scheme
- At The Oxford Nursery we can 'stretch' these hours over the whole year for more flexibility. Dependent on Nursery opening hours, most of our parents access around 10.96 hours of funding per week stretched over 52 weeks of the year.
- Our parents and carers usually need their child to spend longer in nursery than funding allows, but that's no problem. We offer additional non-funded hours to fit with your schedule - see our fees on page 16 for more details.
- You might be eligible for 15 hours funded childcare at the same time as other government schemes or incentives. To find out more visit www.gov.uk/browse/benefits

We also offer the scheme to some 2 year olds already in receipt of government support if:

- Parents are receiving certain benefits.
- The child has Disability Living Allowance or Special Educational Needs (SEND)
- The child is being looked after by a Local Authority.

Our 15 hours funded places for 2 year olds can be limited, and we don't usually stretch these hours either. To find out more, please speak to your Nursery Manager.

Good to Know:

While the amount of government funding given to each childcare provider varies a little based on location, it doesn't always cover the full cost of your child's hours or the essentials and extras that we just wouldn't be The Oxford Nursery without.

So, we ask you to pay a contribution towards these costs alongside your funded hours. We have explained in more detail on Pages 9 and 10.

At The Oxford Nursery we try to make things as consistent and simple as possible for our parents and carers, however, government funding is administered through individual Local Authorities who may have differing requirements, processes and timescales which do affect how funding is delivered to families.

Funding at a glance

Take a look at the table below for a summary of each type of funding

September 2025		9 months - 3 years	3-4 years
ENTITLEMENT	All Parents	-	15 Hours
	Working Families	30 Hours	30 Hours
	Families with special circumstances	15 Hours	-

Eligible alongside Government schemes?	Yes, some. Visit beststartinlife.gov.uk for more information.
Are these hours free?	You're not charged for funded hours, but you will be charged for your additional hours and all of the essentials and extras that make The Oxford Nursery so special. See pages 9 and 10 for more information.
How can I get more out of my hours?	Most parents 'stretch' their hours across the year, typically over 52 weeks. This works out to around 10.96 hours per week for 15 hours funding and up to 21.92 per week for 30 hours funding. See page 11 for more details.

Our Fees

While the government funding is a great help towards childcare costs, it only covers a limited number of hours and doesn't pay for all the essentials that make The Oxford Nursery such a special place. To help us give your child the best start in life, we will ask you to contribute towards the costs associated with these, along with the rest of your hours.

What to expect

The Oxford Nursery fee sheet shows how your childcare is covered depending on the number of funded hours, and explains what you'll need to pay. You will see:

Funded hours

15 hours or 30 hours, which are allocated per session or per week.

Non-Funded hours

Additional hours that cover the rest of your child's time in nursery.

Combined fees

This is how much you will pay The Oxford Nursery for that week, session or day in total.

Hourly rate for essentials & extras

All the costs that aren't funded by the government's contribution.

Rate for Non-Funded hours

The charge for those additional hours.

We've already explained your funded hours on pages 4 and 5. But for the essential and extras, and for any non-funded hours, we ask parents to pay for these. We will explain a bit about these fees, and what they contribute towards, on the next page.

Non-funded and stretched hours

Ask any parent what they would like more of and the answer is often 'time!' Juggling work, children and day-to-day life isn't easy, and we want to help The Oxford Nursery families as much as we can.

We divide your 15 or 30 hours funding across the week and also stretch out across the whole year, which most parents find the most useful. Here are examples of some options for you:

Non-funded hours

For example, if you use 15 hours funding across 5 days during term time only. That would give you 3 funded hours each day, which means your mornings would only be partially funded, and wouldn't quite cover the length of the session. So, we would round out that time with additional, non-funded hours to cover the rest of the day.

Non-funded hours are charged at our standard rate, which covers absolutely everything your child will need each day for the very best care. You could also use non-funded hours to extend your childcare into the holidays - but we would suggest stretching your hours instead.

Stretched hours

Remember: whether it's 30 or 15 hours, that number only applies to 38 weeks of the year - in term time. Most parents choose to 'stretch' their funded hours across the whole year of 52 weeks. 15 hours usually gives you 10.96 per week and 30 hours gives you 21.92.

By stretching your hours and attendance over a full year your child is helped into a routine. They will get to benefit from all they love about Nursery through all the seasons, all year round!

Here for you

While of course your child is our top priority, The Oxford Nursery is here to make your life easier too. Our nurseries are well placed for commuters and hospital staff and we offer much longer hours than the average school day.

We also offer Holiday Club's and often have visits from older children who have moved onto Primary school and come back to spend time with us in their school holidays which we love.

Whatever you chose for your child's time will stay the same pattern of hours/days per week, giving your child the consistency and routine they need. This does mean you won't be able to swap from using term time hours to the full year, but if your circumstances change please speak to your Nursery Manager and we will try to help where we can. T's and C's may apply.

These are just what they sound like: all the important essentials like food and toiletries, along with the enriching things about The Oxford Nursery that our families love.

Toiletries

We do all we can to keep your child feeling clean and comfortable. We can also work with you to support them with potty training; helping them build their confidence and independence.

Meals, drinks and snacks

We prepare healthy, delicious food on-site every single day.

We offer a hot cooked lunch and dessert along with a nutritious tea and various snacks throughout the day.

Please ask for a copy of our Sample Menu.

Enhancements & activities

We offer fun, exciting and educational experiences for your child to teach them essential life skills. Our experienced staff create opportunities for your child to build their learning development in every area, including physical, personal and social, as well as skills in language and communication.

School ready programme

We know how important it is to feel prepared for that next step, so we help to build every child's skills and confidence to make the transition to school life simpler.

Real PE adds to school readiness with regards to children dressing and undressing (in and out of their PE kit). See more info on Page 10.

Of course, these are just some of the things that make The Oxford Nursery special. At our nurseries, your child will also benefit from a National Curriculum-based education following the EYFS (Early Years Foundation Stage) framework, along with exceptional training, expertise, and specialist support from our very experienced staff.

Please visit our website: oxfordnursery.co.uk for more information.

The Oxford Nursery families also benefit from...

A digital platform for early educators and families to collaborate, share the workload, and nurture children together.

Our Famly software provides many benefits including fast communication with Nursery and regular updates including photos and detailed learning observations.

real PE foundations is an Early Years Foundation Stage (EYFS) programme aimed at children aged 3-5 years, that uses the prime area of physical development as the driver for children's learning.

DEDICATED CARE

Typically we have one brilliant member of staff for every 8 children (1:8), compared to 1:13 in some schools. This means there is so much more one-to-one time with your child which is brilliant for their development.

QUICK RECAP...

Most of the time you will pay a combined fee at The Oxford Nursery to support your funded hours. This covers all of your non-funded hours, along with the essentials and extras that make our nurseries so special. While we do offer some fully funded places they are very limited, and typically have long waiting lists. Speak to a Nursery Manager for more information.

**THE OXFORD
NURSERY**

HOW THAT LOOKS...

Now you understand the government funding and fees, let's take a look at how it all works together. We've shown you a couple of our most popular scenarios to give you a clearer idea of how funding at our nursery may work for you.

* These figures are used as an example to demonstrate how funding works only. Price of non-funded hours and essentials and extras may vary per nursery.

One Full Day

(Stretched funding x 52 weeks) for 10.5 hours from 7.30am to 6pm

Funded hours

4.38 hrs - No cost to parents.

Non-Funded Hours

6.1 hrs - Chargeable according to the rate of the session (in this case the **full day** rate)

Essentials & Extras

Charged per funded hour (based on hours stated in Funded Hours) eg if this charge was £1.10/hr the Essentials and Extras would be £4.82 for this day ($4.38 \times £1.10$)

Full-Time Place

(Stretching funding x 52 weeks) for 52.5 hours over 5 days from 7.30am to 6pm

Funded hours

21.92 hrs - No cost to parents

Non-Funded Hours

30.58 hrs - Chargeable according to the rate of the session (in this case the **full-time** rate)

Essentials & Extras

Charged per funded hour (based on hours stated in Funded Hours) eg if this charge was £1.10/hr the Essentials and Extras would be £24.11 for this day ($21.92 \times £1.10$)

Applying For Funding

How and when you need to apply for your childcare funding depends on your child's age, the scheme and some other factors. We have broken it down for you below:

When to apply

You might be wondering when your child will be able to use the 15 and 30 hours government funding. It's all down to when their birthday falls, so make sure you plan ahead. For Working Parent Family Funding, you'll need to apply online for an eligibility code. Visit beststartinlife.gov.uk for more information.

REMINDER!

You should be applying for your eligibility code for funding 3 months before you wish to access it. But remember you cannot apply for your code and use it in the same term.

Working Family Funding for when the child becomes eligible.

Recommended time to apply for eligibility code:	Last date to apply for eligibility code:
15th October to 30th November	by 31 st December to be funded from 1 st January
15th January to 28th February	by 31 st March to be funded from 1 st April
15th June to 31 st July	by 31 st August to be funded from 1 st September

Universal Funding Childcare

A child turning 3 between:	Can be funded from:
1 st September to 31 st December	1 st January
1 st January to 31 st March	1 st April
1 st April to 31 st August	1 st September

If you are a parent of an eligible 2 year old, the earliest you can apply for funding directly through your local authority is at the beginning of the term in which your child turns two.

Don't Forget!

Every 3 months, sign into your HMRC childcare account to reconfirm your working family funding eligibility code.

If you forget, you might lose your funding for the following term, which means you'll have to pay our standard fee for any time that isn't covered by the basic 15 hours scheme.

How To Apply

Universal funded childcare for 3 and 4 year olds

For 3 and 4 years olds, all you have to do is contact us! Our experienced team will talk through the process and ask to see your child's birth certificate or passport as proof of your eligibility. It is as simple as that!

For eligible 2 year olds already in receipt of government support you must get written confirmation from your local authority first. Then, just show it to your Nursery Manager and if eligible, your funding will start the term following application.

Working Family Funded Childcare

The process is a little more complicated for the working family funding, and takes around 20 minutes - so make sure you have time set aside to do it properly. We have explained it below:

GOOD TO KNOW

- If you are separated from your partner, you will need to decide between you who should apply, unless only you have parental responsibility.
- For Working Family Funded childcare, HMRC will usually send you a reminder about when to reconfirm, but it is a good idea to set up a reminder yourself, so you don't miss out on the extra help towards the cost of your childcare.

Step 1

Visit the government website:
www.gov.uk/apply-30-hours-free-childcare

Step 2

Provide your supporting documents, like your child's passport.

Step 4

Wait for a decision. It might be instant - but it can take up to seven days.

Step 3

Apply for your eligibility code. You will need your National Insurance number too.

Step 5

Submit your eligibility code to: your Nursery Manager along with your National Insurance number, full name and date of birth.

Step 6

Remember to reconfirm your eligibility every three months

All Funding Options

Every term, we will need you to sign our funding Terms and Conditions and complete a Local Authority Parental Declaration from. We can then carry on claiming funding for your child's place at nursery.

FAQs Any questions?

Do The Oxford Nursery offer totally free places ?

Yes, although we prefer to call these 'funded' not free. Our nurseries offer funded places where parents won't need to pay for their child. These are released each term, and depend on staffing levels and availability. As parents don't need to contribute towards these places there's an operational and financial impact on our nurseries - so to ensure that the care we provide isn't affected, and that our nurseries can run sustainably, we have to limit the number available at each Nursery.

How many hours will my child be funded each day at The Oxford Nursery?

In short, it depends on the nursery opening hours, the number of funded hours you have, and how often your child is in nursery.

We don't offer childcare by the hour, and instead apply each child's funded hours pro-rata across their sessions and days, spreading them evenly across the week. As a parent/carer at The Oxford Nursery, each month you will be sent an invoice, which shows your child's funded hours as well as the chargeable non-funded hours and the fee for essentials and extras. So it'll always be clear how many funded hours have been used each week.

If I pay for extra hours and don't use them can I be refunded?

Unfortunately not. We have to make sure we're covering all of our running and team costs to provide high quality care for every child at The Oxford Nursery.

Can I roll my funded hours over into the next term?

No, sorry. Due to restrictions by various Local Authorities we can't roll your hours over, but we can stretch your child's funding instead. If you are eligible for 15 hours, by stretching, you can claim your child's full funding allowance of up to 570 hours in just three days each week stretched over a whole year. If you are a working parent claiming 30 hours you can access up to 1140 hours in 5 days per week, again all year round. Please speak to your Nursery Manager for more information.

Why do your fees differ between nurseries?

We work hard at The Oxford Nursery to offer the same fantastic care in each of our nurseries, but the cost in doing so varies. This can be because of the geographical area, because some of our Nurseries have higher running costs or because different nurseries offer different benefits and services.

Nurseries in my area allow parents to send in packed lunches - do The Oxford Nursery?

Unfortunately we don't allow packed lunches or snacks from home in our Nurseries. Many of the children in our care have allergies and we just cannot put their safety at risk.

Our menu's are healthy and varied, and we cater for special dietary requirements, cultural food choices, allergies and fussy eaters, so every child can look forward to tasty food they love to eat. See our website for a look at our Sample Menu. www.OxfordNursery.co.uk

I've missed the deadline to apply for my eligibility code, can my child still be funded ?

Codes only provide funding in the term after you apply, so if you miss the deadline (on the last day of March, August and December), we will not be able to access the funded hours until next term. If your child is aged 3 or above then you are still eligible for 15 hours, because it is available to all children, regardless of whether or not parents are working. HMRC might prompt you to reconfirm your code before the start of the new term, please remember to do this to stay eligible. When you have your code, give it to your Nursery Manager, we will check it is valid with the Local Authority and confirm your child's place.

What happens if my circumstances change? Can I switch from termly to stretched funding or vice versa?

Your nursery team will explain which funding model would work best for you and your child. Once your child reaches funding age, you will also have a relationship with Childcare Choices, who submit the codes, and your Local Authority, whose policies can effect your funding claim. Some Local Authorities don't allow switching, and because we take the time to really talk through your options before you make your choice, it is unlikely you will want to anyway. For more information have a chat with your Nursery Manager.

I'm planning to take my child on holiday. How will this affect my funded childcare?

If you are planning on being away for under two weeks, generally this is fine, but the more notice you can provide the better. If it is likely to be longer than this, talk to the team at your child's nursery. They will need to check with the Local Authority about whether or not funding can continue.

What should I do if I need to change how long my child attends nursery?

We ask for 2 months notice, however if this applied to funded childcare, then speak to your Nursery Manager. Some changes may affect your child's funding claim and depending on the hours involved or when the changes are asked for, they may not be allowed by your Local Authority until the start of a new term.
